BURSARY APPLICATION PROCESS

Bursaries are awarded to those families in need of financial assistance to fund tuition at Cathedral School.

In order to determine which families require help with these expenses, we ask that they complete their application through Apply Financial Services at applefinancialservices.ca. We recommend reviewing the Apple Financial FAQ and Instructions before starting the online application. Please note that it can take up to two weeks for Apple Financial Services to receive and process your application. New students should submit their application for financial assistance when they submit their application to the School. File one application per household regardless of the number of students, unless you are separated or divorced.

Cathedral School (not Apple Financial Services) will notify you of the award decision by email when all the applications have been processed. Apple Financial Services only recommends the amount of the tuition adjustment awarded. The Cathedral School Bursary Committee makes the final decision.

If you have any questions about the bursary application process, please feel free to reach out to admissions@cathedralschool.ca. We encourage families to apply as early as possible to ensure timely processing.

We appreciate your interest in Cathedral School and look forward to supporting families in making quality education accessible.
